

Communication committee
Tuesday January 12, 3:30-5:30pm

Present at meeting: Brad Smith, Donna Brunette, Ryan Palmer, Holly Kopp, Ellie Multer, and Julie Booty

Meeting with Scott Brown very positive, Decisions No, Directions Yes!

New vs Reno, looks good and proceed with new.

He liked the Ed Specs and all the work put into them by Donna.

Site application will be submitted in February, after the Straw with is January 21, at the High School from 6-7:30. Brad will do a district phone message on the 20th inviting all 4 towns to the Straw vote. Also on ch 3, on school sad 75 website, Facebook, individual schools and a press release to the newspapers. Thank you Ellie and Holly.

The Building Committee has taken a recommendation from the ape Sub-Committe to not kept the current gym in the plans for the new MTA Constrution plans. Because of remodeling and operating costs . We have a new test fit 5.2 with a possible Fat track.

If we end up with Turf we will need Local contributions. We also may need Local tax dollars if we want larger class rooms than the state will allow. Current square foot is estimate at 156,500 sq. ft. And new is 138,750 thru a state funding formula of 185sqft times 750 students. We will have to give and take possibly making some specialized class rooms smaller than others. They also would like to see the classrooms 85% full (collegic model). which means some teachers may have to share a room but would have a office space somewhere in the design. Negotiations will be fun and we will ask for as much as we can. Next meeting is February 9th from 3:30-5:30 at the District Office.
