

Site Visit to Mt. Blue and Cony
Thursday March 24 2016
Met with assistant principal and athletic director

- Need to have ventilation in concession stand (DOE will NOT pay)
- Concession stand MUST be near the gym
- Security Cameras outside near competition field
- Automatic drop down batting cage in gym
- Mt Blue 12,000 sq foot gym covers for floor \$10000 with storage unit
- Film area in gym for taping games
- System that moves bleachers also should move hoops(from one control panel instead of separate)
- Trainer access to vehicle, ventilation in trainer room
- Biggest regret is not installing turf
- Wrestling room used for multiple purposes
- Cony gym was our favorite: allows for hosting big tournaments, youth events. Boosters has earned a ton of money as a result of the double gym.
- Cony had a nice flow to the athletic wing (4 locker rooms 2: PE, 2: athletics, coaches rooms (2), PE/Officials rooms (2), PE office : one large in the gym.
