

Sustainability Sub-Committee

The Sustainability Sub-Committee met on Tuesday October 20, 2015.

Mike Chonko was elected Chair and Brad Totten was elected Vice-Chair.

An overview of the project and a sustainability overview was discussed.

The Committee agreed to hold the next meeting on November 2, 2015 at 6:00 PM in the Superintendent's Conference Room at the District Office.

For those who were not present, the handouts are attached. Members of the sub-committee can also find additional information regarding sustainability on the US Green Building Council web site www.usgbc.org

SUSTAINABILITY SUBCOMMITTEE CHARGES & PROCEDURES**

The Sustainability Sub-Committee will propose goals for the new or renovated high school pertaining to, but not limited to, high-performance components such as the integration of biomass, geothermal, solar, daylighting, water efficiency, exterior envelope, insulation, as well as "green" materials and fixtures. They will also establish goals for how the school could utilize sustainable elements as teaching tools for the MTA students.

- Project Overview
- Sustainability Overview
- Housekeeping:
 - Elect chairperson and vice-chair
 - How often to meet
 - Phone tree for internet and phone call communication among subcommittee members
 - Special skills that subcommittee members have
 - Special skills that other volunteers in the community may have that can be utilized by the Sustainability Subcommittee
- Subcommittee should review the Education Specifications to familiarize themselves with sustainability goals from the staff, student, and public point of view.
- Develop list of sustainability goals and priorities to use as a framework for the Building Committee to use as a guideline and for future component and systems recommendations from the subcommittee.
- Identify potential overlap with Building Systems Subcommittee and consider periodic joint meetings
